Guide to separate waste collection

When all of us are committed
life is bluer

Where should I dump it?

Discover in which container you can place your waste items or where to bring them.

The **Where should I dump it?** can also be found on the Puliamo App. A search option for the destination of the waste item is also available on the App, by scanning the product's barcode.

Download it free, from the app stores, to your mobile devices.
